When turned from their original import and fixed in some perverted use, they breed misconception and propagate endless error. The word persona (from which our English person ) meant originally a mask such as ancient actors wore upon the stage. In the Greek and Roman drama all the parts were performed in masks. Hence very naturally these words came to signify the part performed, the character represented. We say in English to personate a character; that is, to wear the mask of that character. From the boards of the theatre the phrase was transferred to the scenes of life. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
