*Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).*

She has no doubt in her mind that what she has to say will shock many who hear or read it. She believes this may encourage many more people to come out and reveal what really happened to Malaysian MH370 and what happened on the ground, on the morning it disappeared and days following. She claims radar and satellite images were vividly recorded. There is no information blackout like we have been led to believe.
