## AMERICA AND THE POLITICAL PHILOSOPHY OF COMMON SENSE

[DOWNLOAD PDF](#)

University of Missouri Press. Hardback. Book Condition: new. BRAND NEW, America and the Political Philosophy of Common Sense, Scott Philip Segrest, From Aristotle to Thomas Jefferson, seminal thinkers have declared 'common sense' essential for moral discernment and civilized living. Yet the story of commonsense philosophy is not well known today. In "America and the Political Philosophy of Common Sense", Scott Segrest traces the history and explores the personal and social meaning of common sense as understood especially in American thought and as reflected specifically in the writings of three paradigmatic thinkers: John Witherspoon, James McCosh, and William James. The first two represent Scottish Common Sense and the third, Pragmatism, the schools that together dominated American higher thought for nearly two centuries. Educated Americans of the founding period warmly received Scottish Common Sense, Segrest writes, because it reflected so well what they already thought, and he uncovers the basic elements of American common sense in examining the thought of Witherspoon, who introduced that philosophy to them. With McCosh, he shows the furthest development and limits of the philosophy, and with it of American common sense in its Scottish realist phase. With James, he shows other dimensions of common sense Americans had long embraced but that had never been examined philosophically. Clearly, Segrest's work is much more than an intellectual history. It is a study of the American mind and of common sense itself - its essential character and its human significance, both moral and political. It was common sense, he affirms, that underlay the Declaration of Independence and the founders' ideas of right and obligation that are still with us today. Segrest suggests that understanding this foundation and James' refreshing of it could be the key to maintaining America's vital moral core against a growing alienation from common sense across the...
