*Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Dan Brown once again creates a fast-paced roller-coaster hunt with his lead character, expert symbologist Robert Langdon. After waking up in a hospital in Florence with no memory of the past two days, Langdon sets out across Italy, trying to put together pieces of a puzzle. Readers are drawn into Langdon's race against time as he and young Dr. Sienna Brooks try to decipher a series of codes before the world is altered forever. Inferno gives us an introduction to the scientific and philosophical ideas of transhumanism, while successfully weaving a story about the visions of a futuristic world, inspired by fourteenth century poet, Dante's most ominous piece of work.
