AuthorHouse. Hardcover. Book Condition: New. Hardcover. 140 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. Troubled by 70 years of vague and unsupported assertions by the church, together with unanswered questions about God and mans place in the universe, Malcolm Smith embarks on a down-to-earth, no nonsense study and seeks for himself any evidence for a God or Intelligent Designer. The result is this concise volume on the merits or otherwise of religion; on the grandeur of the universe; the incredibly elegant simplicity of evolution; and on mans place in it all. The book is both easy and fascinating to read. No college degree is required, just a healthy dose of common sense (a rare commodity these days); an open mind would be a plus. The down-to-earth style and occasional dash of humor helps avoid the dryness which often plagues similar works. Rarely does a work of this nature, in a single slim volume, treat the subject in such an everyday manner. The absence of vague, long-winded religious theo-speak and absence of technical jargon that goes with most scientific works, makes this book a pleasure to read. This book is for all those looking for a little help in sorting out, at least to their satisfaction, what religion is all about, and whether it has any place in their future. That the reader will gain a basic insight into the workings of the universe and evolution, is an added bonus. Is there any scientifically acceptable evidence for the existence of a God? The authors finding was a reluctant no but ironically led to a surprising realization that more than compensates for any perceived spiritual loss, and left him far happier than he had hoped. If the reader is moved to do his/her own thinking and reasoning, even in dissent, then the author...
